

## Break My Body

I'm the horny loser  
You find<sup>see</sup> me crashin' through my mother's door  
I am the ugly lover  
You find us rollin' on the dirty floor

Break my body  
Hold my bones...Hold my bones  
Break my body  
Hold my bones...Hold my bones  
Break my body  
Hold my bones...Hold my bones

I'm a belly dancer  
I 'll shake forever say that I'd never care  
I'm a building jumper  
Roof to roof you see me flying in the air

Break my body  
Hold my bones...Hold my bones  
Break my body  
Hold my bones...Hold my bones  
Break my body  
Hold my bones...Hold my bones...bones

Somebody got hurt  
Somebody get hurt  
Somebody got hurt

## **Broken Face**

I got a broken face, I got a  
I got a broken face  
Uh-hu, uh-hu, uh-hu, uh-hu, ooo  
I got a broken face (x3)

There was this boy who had two children with his sisters  
Who were his daughters, who were his favorite lovers

I got no lips, I got no tongue  
Where there were eyes, there's only space  
I got no lips, I got no tongue

I got a broken face  
Uh-hu, uh-hu  
I got a broken face

There was this man who snapped his brain in little pieces  
And then he drove holes, and then he put 'em back in there  
I got no lips, I got no tongue  
Where there were eyes, there's only space  
I got no lips, I got no tongue

I got a broken face  
Uh-hu, uh-hu, uh-hu, uh-hu, ooo  
I got a broken face

The little thing who does my laundry, speaks no english  
But if you saw her, you'd say "Isn't she lovely ?"

I got no lips, I got no tongue  
Where there were eyes, there's only space  
I got no lips, I got no tongue
